SETTING THE STANDARD. CREATING THE TREND. SPECIALIZING IN THE SERVICE. NT Design Solutions provides a broad genre of visual communications solutions for individual, entrepreneurial, organizational, and corporate creative marketing use. Together, We Can Achieve Great Things!

DESIGN TEAM

NT Design Solutions is made up of a network of visual communications specialists providing services in every genre of multimedia design. Our creative team has accumulated more than 15 years of experience producing unparalleled, cutting edge, design elements for a variety of clientele in a mixture of venues. The NT Creative Design Team is comprised of graphic design specialists, photographers, videographers, web designers & programmers, personal stylists and make-up artists. Whatever your design need may be, NT Design is the Solution.

KEY ATTRIBUTES

We operate as a self-contained nucleus of creative professionals and have instant access to design resources with major agency experience and skill sets. This allows us to operate with far lower overhead than larger agencies. The result is agency-level and highly personalized services, all for a fraction of the average marketing design cost.

As a result of a diverse design team, NT Design Solutions has a wide range of design expertise and style to offer your campaign, organization, agency and/or firm.

STRUCTURE

The process begins with an initial consultation with the Director of Operations and Creative Director to assess your campaign's design needs. A detailed quotation is then issued containing your project's scope, requirements and estimated financial projection. Once you've agreed to the terms mentioned within the quotation you are immediately apart of the NT Design Team.

You, your design specialists assigned to your campaign (ie. photographers, cinematographers, web specialists, graphic design specialists, stylists, etc.), and your account executive work closely to ensure your vision is executed and the artistry within your campaign is unveiled!

STRATEGY

NT Design Solutions provides "top tier" design marketing services at affordable/competitive rates. We're committed to making your project our priority. We'll give your project the attention it deserves in order to produce optimal, effective results. That's our promise to you!

PHILOSOPHY - TOGETHER, WE CAN ACHIEVE GREAT THINGS!

NT Design Solutions collaborates with its clients and all the specialists involved in making your project a success in all stages of your project's development. We encourage insight, opinions, suggestions and feedback in all stages of your project's development with the understanding that in order for you to achieve success, we must achieve success in developing the image and or brand you envision. From start to finish, You are a part of our design team as well as, the design process. There are no "big I's" and "little u's" when partnering with NT Design Solutions.

Let's join together and achieve Great Things!

OUR MISSION - TO UNVEIL YOUR LIFE'S ARTISTRY!

We believe that everyone has a dream, a vision, a goal in life. Often times those goals or dreams lay dormant, covered and unexposed. NT Design Solutions is equipped and qualified to unveil that dream and expose your life's latest masterpiece.

You don't have to be a large corporation to see it happen either. Whether that dream is to pull off a spectacular corporate event by promoting it with a full scale design marketing campaign, or just to be glamorous for a day for your senior portraits, NT Design Solutions can assist you in Unveiling Your Life's Artistry.

THE RESULT

The result of a solid, cohesive, collaborative effort put forth by a team of skilled design specialists is an unparalleled successful design campaign. NT Design Solutions prides itself on its ability to deliver Incomparable Design Results, from beginning to end.

Together, We Achieve Great Things!

NT Design Solutions provides comprehensive design and development services across all design media platforms.

PRINT DESIGN

A carefully thought out marketing campaign comes together in an organic and positive way with each preceding design piece. Each design piece, whether written, visually communicative, or audible, speaks to different, yet desired points of emphasis bringing the entire project together with one strong and clear voice and branding.

NT Design Solutions possesses an ability to provide a wide variety of print pieces, ranging from PR and Sales Kits and Rack Cards to corporate collateral design and development, Postcards, Posters, brochures and one of a kind presentations.

To motivate people whose natural inclination is to ignore, requires an image, concept, or branding that will attract and interest the desired target. Using all the tricks in the book: humor, beauty, shock value, special offer, etc. NT Design Solutions knows how to make the campaign work using each step to act as a solid bridge and foundation for the next. You may start out with a purely conceptual Ad and end up directly praising the virtues of your product, service, organization or business. NT Design Solutions understands that capturing the audience in the first instance is key and then makes each succeeding occurrence flow naturally and logically from the preceding one.

ILLUSTRATION

NT Design Solutions now offers digital illustration. We can take your roughly sketched image and bring it to life, digitally!

WEB DESIGN

NT Design Solutions builds and designs custom websites which reflect the character, personality and style of your company, organization or cause. By using images, photography, video or audio, NT Design Solutions assists in universally marketing your brand through the internet.

The design range is vast. NT Design Solutions is known for blending the corporate canvas template with a contemporary, modern edge when designing for the web. Our team is consistently researching and exploring new technologies, programming languages and means of effectively communicating through web mediums to maintain pace with changing technologies.

SOCIAL MEDIA NETWORK MANAGEMENT

Today everyone is staying connected, maintaining public image and networking via social network mediums. NT Design Solutions would love to assist your organization, company or public personality in maximizing their brand's exposure via facebook, linkedin, twitter, etc.

VIDEOGRAPHY

NT Design Solutions provides creative cinematography. Our cinematographers are experienced and skilled in their craft and can execute the project efficiently, effectively, and within realms of your project's budget. We provide a range of styles to accommodate each client and their specific project's needs. NT Design Solutions is your solution for both, your video and post-production needs.

PHOTOGRAPHY

NT Design Solutions provides photography and digital manipulation & retouching services of both digital and hard copy images. Our photographers are experienced and skilled in their craft and can execute the project efficiently, effectively, and within your realms of your project's budget.

NT Design Solutions provides commercial photography services which range from event photography to studio headshots. We provide a range of styles to accommodate each client and their specific project's needs. NT Design Solutions is your solution for both, your photographic and post-production needs.

If there are services which are unique in description and they are not listed, we'd love for you to contact us and inquire. NT Design Solutions is always developing our creative skill, expanding our range of expertise and recruiting new specialists to our design team. We would love to embark upon a new endeavor with you!

IS AVAILABLE FOR BOOKING

As members of the Specs Howard School of Arts Advisory Board, NT Design Solutions specialists can provide design insight, inspiration, encouragement and entrepreneurial direction for seminars, work shops and conferences.

LSD MAGAZINE

**Pretty Girls...
Lovely Ladies...
Wonderful Women...
ROCK DRESSES**

The PRETTY GIRLS ROCK DRESSES Movement. Trading the "breakers for rollers" to embrace Glam, Style & a whole lot of Femininity.

In the hip fashion of the 80's and 90's period also known as high fashion, designers on the runway used to call fashion models like Naomi Campbell, Cindy Crawford and the like. These "Older" models, mostly white, black, and light-skinned, had high, voluminous, styled hair, and heavy makeup. They were the epitome of the young, hip, high-fashion culture. Women were rarely referred to as "breakers for rollers" or "rock dresses" until the late 1990s and early 2000s. This was the time when the fashion industry was heavily represented by models like Tyra Banks, who was heavily represented by the book "Rockers & Rollers" written by the author. This book is a collection of fashion stories that have to do with being and right in order to be sexy. It is becoming increasingly common for women in the hip fashion culture to embrace the "rock dress" look. Fashion designers are creating the "rock dress" look. They are creating a look that is sexy, hip, and high-fashion. They are creating a look that is sexy, hip, and high-fashion. They are creating a look that is sexy, hip, and high-fashion.

PPG COLOR VARIANT SYSTEM

The PPG Color Variant System makes it easy to choose the right color.

Save time. Eliminate costly mistakes.

Nearly 50% of all cars painted today require a variant color. Matching the correct color can be a stressful, time-consuming, profit-eating chore.

The PPG Color Variant System makes it easy to identify the right color formula...the first time, every time. Each PPG color variant paint chip is created with actual PPG paint to provide the most accurate color match. The large chip size makes it easy to match the chip to the vehicle.

The PPG Color Variant System is organized into easy-to-use Fan Decks sorted by manufacturer, color family and code. Fan Decks are designed for maximum viewing to allow easy comparison for the correct color against the car.

The PPG Color Variant System is fast, accurate and easy-to-use because it was designed by users...for users. It's a flexible system that allows plenty of extra room for future growth. It's a smart investment that will improve color accuracy, reduce costly errors, save time, help increase customer satisfaction and improve your bottom line.

AD BOOKLET

Community Commitment... it speaks volumes.

At DTE Energy, being part of a community is more than simply doing business there. It's about doing our part to help the community and our customers thrive. We work the back as community commitment.

That's why we believe employee volunteerism, contributions and sponsorships, community involvement and environmental stewardship are so important.

At DTE Energy, enhancing the communities we serve is not just a chapter in our book... it's a never-ending story.
